

QUALITY MANAGEMENT POLICY

As a group of companies engaged in the production of folding boxes, cases and other paperboard articles, Leca Graphics assumes the following operating principles that make up its Quality Management Policy.

- To implement an integrated management system that adapts to the needs of the organisation and that is continuously improved. To review the management system periodically, introducing improvements and modifications and to adapt this Policy to the changing conditions.
- To continue to provide for our loyal customers, to offer them effective solutions and tailored services and products, and thus also enhance our consolidated position in the industry. A satisfied customer is one of our company's most important assets. In addition, by increasing our specialisation we aim to achieve more effective and efficient products.
- To be constantly vigilant of regulatory compliance, cooperating with the authorities and the requirements of the different stakeholders.
- Effective assignment of roles and responsibilities so that the concept of quality is present at all levels and in all activities.
- Annual assessment of the performance of our material suppliers and service providers, with the analysis of the number of incidents that have occurred and their severity.
- To carry out our work in a management environment that guarantees the continuous improvement of the system's efficacy.
- To further the understanding and dissemination of the quality policy throughout the organisation by means of continuous training and communication schemes.

This Policy is applicable to all Leca Graphics employees and senior management.
